

TELECOM OVERVIEW

A PATHWAY TO IMMEDIATE MONTHLY SAVINGS

Switch telecom provides businesses of all sizes a unique competitive advantage and meaningful cost-savings that is truly unmatched. At Switch, you gain exclusive access to the Switch CONNECT® telecom auditing and expense management team for an in-depth audit of your telecom expenses and membership to The CORE® Cooperative.

Member companies of the co-op, join together to aggregate buying power creating a powerful telecom purchasing entity much stronger than any individual company on its own. Learn how you can save 35-60% on your telecom spend.

OUR KEY DIFFERENTIATORS

TELECOM AUDIT

The Switch CONNECT team & ecosystem partners conduct an in-depth audit of your telecom expenses to find ways to reduce your budget, free up dollars & achieve immediate savings

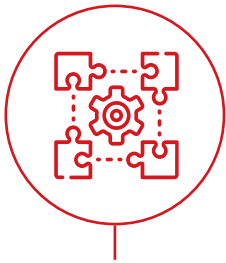

EXPENSE MANAGEMENT

The Switch CONNECT team & Telecom Expense Management (TEM) partners provide a fully managed telecom solution to track & achieve ongoing savings & operational efficiencies

WHOLESALE PURCHASING

Leverage the telecom purchasing volume of Switch's 1,350+ clients joined together to aggregate buying power, creating a purchasing entity much stronger than any individual company on its own

SOLUTIONS ARCHITECT

Dedicated team of experts to review your current architecture, serve as a liaison with carriers, design custom network topology, & plan your full technology migration

Switch's connectivity solutions include an extensive menu of innovative network technologies to modernize your network and aide your digital transformation journey.
